

Galgos Greys and more is a Swiss animal charity that rescues, cares for and re-homes dogs who are in need. In addition to helping animals in Switzerland they work together with partners in Spain to rescue and re-home Spanish hunting and street dogs.

Their mission is to provide safe and secure future homes to these lost, abandoned or mistreated animals and to promote public awareness regarding the plight of Galgos and Greyhounds in particular.

The organization is purely non-profit and survives on donations and the work of its members.

Five ways to help

1. Adopt a dog
2. Be a foster family to a homeless dog
3. Sponsor a homeless animal for an operation
4. Make a donation (monetary or material)
5. Become a member

For further information on how to help or on the association please visit the Galgos Greys and more website at:
